

## ISSA Show North America Media Contact List

Please note: This is a list of media and related groups that usually cover the facility, cleaning, restoration, and related industries and/or the show. Depending on the show's location and media needs and schedules, not all media will be present at the show itself. Exhibitors also are encouraged to contact non-industry media with news and editorial ideas that may be of regional, local, or national interest and/or relevant to the public.

**Key:** FSP = Facility Service Provider, D = Distributor
