## YOUR SINGLE SOURCE FOR PARENT ROLLS OF TISSUE SINCE 1976

Bath | Facial | Napkins | Kitchen Towel | Industrial Towel | Center Pull Towel | TAD Bath and Towel | NTT  
Carrier and Specialty Tissue | Airlaid | Meltblown | Spunlace | Spunbond | and more

### THE GLOBAL LEADER IN TISSUE

#### The Power of Leadership

Since 1976, Convermat has been the leading global supplier of parent rolls of tissue to more than 80 countries worldwide. Our unparalleled market intel and strong network of strategic alliances, resources, and insider knowledge can further grow and strengthen your business to achieve higher profits.

#### There When You Need Us

We consistently maintain capacity balance for many of the leading global tissue players. Our extensive network of global suppliers and customers enables us to deliver a continuous flow of tissue at the most competitive prices in any market condition and to any destination with speed, reliability, and integrity.

#### At Your Service

Our experienced team of seasoned professionals is equipped to handle all of your needs including inland and ocean transportation, import/export protocol, technical specifications, testing lab facilities, proprietary product development, foreign currency management, credit risk, and all relevant sales services.

#### More Than Tissue

In addition to our complete line of tissue, towel, napkins, and specialty paper we supply a comprehensive line of nonwoven substrates for medical, wipes, automotive, filtration, hygiene applications, and more.

# WELCOME TO ISSA SHOW 2022

We are excited to return to ISSA's home city of Chicago, meeting once again at McCormick Place for ISSA Show North America 2022.

So much has changed in the last few years. Cleaning for health and safety remains top of mind across the globe as we learn to adjust to life with COVID-19 and safeguard against other highly contagious viruses like monkeypox. The industry continues to impress with the development of products and innovations that benefit everyone.

There is still much work to be done as we gather in Chicago. The networking, collaboration, education, and product discovery that takes place at the event will help to drive the industry forward. The show will feature something for everyone, with a long list of educational sessions, networking events, and opportunities to give back with ISSA Charities™.

This year, we're making ISSA Show North America 2022 more sustainable by powering the event with renewable electricity. Our goal is to run a socially and environmentally responsible event that inspires sustainable product development and business practices. The show will also feature an environmental, social responsibility, and governance (ESG) educational track with more than a dozen sessions to inspire important and valuable discussions.

As always, we're committed to the safety of show attendees and exhibitors. McCormick Place has earned GBAC STAR™ Facility Accreditation from the Global Biorisk Advisory Council™ (GBAC), a Division of ISSA, for its cleaning, disinfection, and infection prevention protocols.

Informa Markets and ISSA are thrilled to welcome exhibitors and attendees back to Chicago for what is sure to be an inspiring, fun, and safe ISSA Show North America 2022.

Very truly yours,

**John Barrett**  
Executive Director  
ISSA

**Amie Gilmore, CEM**

## 2022 CONFERENCE

**Add on to your ISSA Show North America 2022 experience  
and receive Building Service Contractor-specific training,  
education and networking with BSCAI.**

### GET READY FOR THE WINDY CITY!

While at ISSA Show North America 2022, the Building Service Contractors Association International (BSCAI) invites you to attend our 2022 Contracting Success Conference and see firsthand the power of the BSCAI community. Network with and learn from peers and experts in the industry, gain insight into industry trends and solutions, ask your BSC hot-topic questions and make new connections at this can't-miss event.

Visit [convention.bscai.org](https://convention.bscai.org) to register today!

OCTOBER 12-14 • HILTON CHICAGO

## GENERAL INFORMATION

### Badges

#### All-Access Pass

The All-Access Pass is designed to provide the attendees with the most value for their show experience. The pass includes all benefits of the Expo Only Badge PLUS access to 70+ Education Sessions, Spotlight Speaker Sessions, the Lunch & Learn Session, ISSA Show Welcome Reception sponsored by Essendant & Cocktails and Conversations.

#### Expo Only Badge

The Expo Only badge grants attendees access to the show floor and all show floor features such as the CleanMeet Lounge, the Facility Solutions Theater, Solve for X Theater and Innovation Showcase & Theater. Attendees can also access the Sponsored Thought Leadership sessions in the Education Program and the Hygieia Awards Reception.

#### Badge Color Designations

For easy identification, badges are color-coded based on show access type. See below for the breakdown of the colors and what they represent:

BADGE COLOR	BADGE TYPE
Blue	Exhibitor/Vendor Exhibit Hall Access
Yellow	Expo Only Access
Gray	Education All Access

#### Badge Pick Up

Located at Registration- South Grand Concourse Lobby. All show badges are printed on-site. Individual registrants will receive a bar code confirmation by email to bring to the on-site registration desk either on their phone or on printed paper to pick up their badges. Registrants who lose their confirmation will need to provide a valid ID to receive a badge. There is a badge reprint fee of \$50 for lost badges.

### Business Center

As the official business center at the McCormick Place, FedEx is to provide service for the convenience of all exhibitors. See below for FedEx hours:

DATE	HOURS
Saturday, October 8	8:30 am - 5:00 pm
Sunday, October 9	8:30 am - 5:00 pm
Monday, October 10	8:30 am - 5:00 pm
Tuesday, October 11	8:30 am - 6:00 pm
Wednesday, October 12	8:30 am - 5:00 pm
Thursday, October 13	8:30 am - 5:00 pm
Friday, October 14	8:30 am - 5:00 pm

### Coat and Bag Check

Coat and bag check services is provided through McCormick place, located in the built-in location near the Hyatt. Below are the hours of operation:

DATE	HOURS
Sunday, October 9	7:30 am - 4:30 pm
Monday, October 10	7:30 am - 5:30 pm
Tuesday, October 11	7:30 am - 5:30 pm
Wednesday, October 12	7:30 am - 5:30 pm
Thursday, October 13	7:30 am - 2:30 pm

### Concessions & Restaurants

Hungry? Thirsty? We have you covered. There is a food court area in the North Hall Lobby with several outlets open various hours. We will also have the food court pods open on the show floor and in the ISSA Sports Bar sponsored by Spartan Chemical Co., Inc. during show hours. Download the My Show Planner mobile app to view the latest schedule by searching 'ISSA Show North America' in your app store today!

**GBAC Academy**

## **HOW DO PEOPLE GET SICK? HOW CAN YOU HELP?**

The Global Biorisk Advisory Council™ (GBAC), a Division of ISSA, offers this impactful online course, "**Infectious Disease Awareness in the Workplace**," to increase your knowledge of infectious disease basics, including how diseases spread and how people become sick.

Ideal for your entire workforce, this 30-minute program explains how to break the chain through:

- Proper cleaning and disinfection practices
- Indoor air considerations
- Other pivotal mitigation strategies

In this course, you will learn about risk assessment and infectious disease prevention programs, and gain working knowledge of cleaners, disinfectants, and personal protective equipment (PPE) that is applicable to ALL employees, not just cleaning staff.

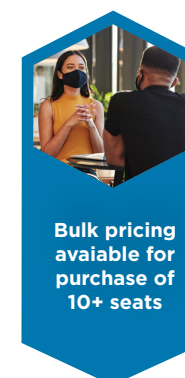

**Available in six languages: English, Spanish, French, Italian, Haitian Creole, and Chinese.**

Time	Title	Speaker(s)	Area of Interest
10:30 AM - 11:00 AM	Leaning into the Health Benefits of Green Cleaning Products	Doug Gatlin	Environmental, Social Responsibility & Governance (ESG)
11:30 AM - 12:00 PM	Employee Engagement and How Benefits Play a Strategic Role	Brittany Babbs, Paul Taylor	Leadership, Career and Talent Development

# CLEANMEET LOUNGE SCHEDULE

BOOTH #3860

Come join the NEW CleanMeet Lounge on the show floor in Booth #3860! This is an area of engagement and networking for all attendees and exhibitors alike. Special meet ups are planned so take a look through the schedule below and join us for the meet up that best suits you! We'll have an area to sit and relax between meetings on the show floor, complimentary headshots on Tuesday and Wednesday and an opportunity to meet new industry colleagues. Come join us!

Tuesday, October 11	
Time	Session
11:00 AM - 11:30 AM	Fireside Chat with Shannon Vogel
11:00 AM - 3:00 PM	Complimentary Professional Headshots
12:00 PM - 1:00 PM	Education Professionals Meet Up
1:00 PM - 2:00 PM	Women in the Industry Meet Up
2:00 PM - 3:00 PM	Distributor Meet Up
3:00 PM - 4:00 PM	Facility Manager Meet Up

Wednesday, October 12	
Time	Session
10:30 AM - 11:00 AM	Fireside chat with Shannon Vogel- Wednesday
11:00 AM - 12:00 PM	Latin America ISSA Member Meet Up
11:00 AM - 3:00 PM	Complimentary Professional Headshots
12:00 PM - 1:00 PM	Partnership Showcase Meet Up
1:00 PM - 2:00 PM	Women in the Industry
2:00 PM - 3:00 PM	Distributor Meet Up
3:00 PM - 4:00 PM	Contractor Meet Up
4:00 PM - 5:00 PM	Young Professional Happy Hour

Thursday, October 13	
Time	Session
11:00 AM - 12:00 PM	Fireside Chat with Shannon Vogel- Thursday

# HIGHLIGHTED EVENTS

# HIGHLIGHTED EVENTS

**ISSA SHOW**  
NORTH AMERICA 2022

**Spotlight Lunch & Learn Session with Derreck Kayongo**  
**Monday, October 10th • 11:45 a.m. - 1:15 p.m.**  
**Location: S100 Grand Ballroom**  
Join your peers for an invigorating session while enjoying lunch featuring Derreck Kayongo.

Has anyone ever calculated the total cost of discrimination in the workplace? Derreck tackles the subject head-on by sharing how his organization found itself grappling with the issue. He takes his audience through an examination of how diversity and inclusion problems impact your corporate bottom line. From long-term harm to your brand and weakened stock prices to negative perceptions within the community, Derreck reveals the potential savings that come about when employees understand the cost of discrimination and the value of their fellow employees. He illustrates with eye-opening examples, how our upbringing and unconscious biases can become a net negative to organizational growth and have a negative impact on the bottom-line. The end goal of Derreck's presentation is to birth into the bloodstream of the company's culture what he calls a "Corporate Moral Aptitude," an intriguing notion similar to Emotional Intelligence, but for corporations around cultural biases within the marketplace.

Included in the All-Access Pass or a la carte. Registration and RSVP required.

**Cocktails & Conversations: Roundtable Event**  
**Monday, October 10th • 4:15 p.m. - 6:00 p.m.**  
**Location: Vista Ballroom**  
After a full day of learning, join us for drinks and networking in the Vista Ballroom. Included in the All-Access Pass or a la carte. Registration required.

**ISSA Welcome Reception sponsored by Essendant**  
**Monday, October 10th • 7:00 p.m. - 9:00 p.m.**  
**Location: House of Blues**

Come one, come all. Meet or get reacquainted with colleagues from around the world while you enjoy complimentary light snacks and beverages during this friendly mixer featuring a live band. It's the perfect way to get set for an eventful week of innovation, connections, and education! Included in the All-Access Pass or a la carte. Registration required.

**Spotlight Speaker Bill Rancic**  
**Tuesday, October 11th • 9:00 a.m. - 10:00 a.m.**  
**Location: S100 Grand Ballroom**  
Learn and listen from Bill Rancic, Entrepreneur, Award-Winning Author, and Motivational Speaker.

After bursting on to the scene as NBC's first Apprentice, Bill Rancic traveled the globe, sharing why some companies thrive in chaos and others don't. Through his experiences as both a student and teacher of leadership, he reveals what behaviors are needed in a world beset by turbulence, uncertainty, and dramatic change.

What makes Bill so unique is that he is both a student and teacher of leadership and has a healthy obsession with what makes great companies and leaders tick.

Having invested nearly two decades living the topic, Rancic has authored four books. These include New York Times best-seller You're Hired: How to Succeed in Business and Life, which examines how some companies and leaders make the leap to superior results, and the enduring classic Beyond the Lemonade Stand which teaches young people the value of both money and positive self-image. In addition, Rancic co-authored I Do... Now What? with celebrity wife Giuliana Rancic where they share secrets to a supportive love and true partnership in marriage. He also just penned his first novel, First Light.

Included in the All-Access Pass. Registration required.

**Innovation Happy Hour**

SPONSORED BY **TORK**  
Think ahead.

**Tuesday, October 11th • 3:00 p.m. - 5:00 p.m.**  
**Location: Show Floor, Booth #4206**

Join us for cocktails and check out all of the new products in the Innovation Lounge on the Show Floor.

**Spotlight Speaker Sarah Moshman**  
**Wednesday, October 12th • 9:00 a.m. - 10:00 a.m.**  
**Location: S100 Grand Ballroom**

Join us for a motivational talk by Filmmaker, Producer, TEDx Speaker Sarah Moshman.

Included in the All-Access Pass. Registration required.

# HIGHLIGHTED EVENTS

**ISSA SHOW**  
NORTH AMERICA 2022

# INNOVATION SHOWCASE

**BOOTH #4206**

## Canada Night

**Wednesday, October 12 • 5:30 p.m. - 7:30 p.m.**

**Location: Vista Ballroom**

Calling all Canadians! Come network with your colleagues from north of the border to share stories and mix and mingle over delicious hors d'oeuvres and cocktails.

## ISSA Hygieia Network Reception

**Tuesday, October 11th • 5:15 p.m. - 7:00 p.m.**

**Location: Vista Ballroom**

ISSA Hygieia Network's awards reception will feature networking with industry leaders as well as Hygieia's annual recognition awards, which include Rising Star of the Year, Member of the Year, and Company of the Year. With over 800 people attending the event in 2021, it is sure to be one of the most well-attended and impactful events at ISSA Show North America 2022. **Doors open at 5:15pm.**

Free admission.

## ISSA General Business Meeting

**Thursday, October 13 • 8:45 a.m. - 9:45 a.m.**

**Location: S100 Grand Ballroom**

This ISSA meeting is open to all to attend.

## Innovation Awards Announcement & Show Floor Happy Hour

**Thursday, October 13th • 1:00 p.m. - 2:00 p.m.**

**Location: Show Floor, Booth #4206**

This award announcement is the culmination of the 2022 ISSA Innovation Award Program—the 13th anniversary year—in which industry professionals vote for the most innovative products, equipment, and solutions for the year. Join us for the ISSA Innovation Award announcement and champagne toast, followed by a happy hour to conclude the day!

### Aluf Plastics Division

Booth 3813

#### Coex SuperTuff® Trash Bags

Our Coex SuperTuff® line of trash bags are the most Innovative, Antimicrobial, Economical and Sustainable trash bag options in the market today!

CXP can liners offer Antimicrobial Odor Protection, 3 Ply Strength, Made with up to 90% Recycled Content, and also have a minimum of 10% post-consumer materials which qualify them for LEED credits, and are Flat Packed.

RCM can liners offer Antimicrobial Odor Protection, 3 Ply Strength, and come on Coreless Rolls.

VCX can liners offer 3 Ply Strength and are Flat Packed.

### Bona US

Booth 4726

#### Bona Commercial System® Concrete Floor Solution

Are you tired of polishing your concrete floors, only to find them still looking dull and dirty? The Bona Commercial System® Concrete Floor

Solution is the perfect system to help you upgrade the look of your worn concrete floors and never burnish or polish again! The Bona Commercial System Concrete Floor Solution is specially designed to provide optimal coverage over concrete floors. Each item is formulated with quick drying properties that leads to minimal downtime for revitalization of concrete floors as well as establishing excellent chemical resistance and high durability of the floor.

- Excellent hiding properties
- Ultra-quick drying for minimal downtime
- Dustproof formula
- Low odor

### Byoplanet/Clean Republic

Booth 4613

#### JetPack H2 Ultra

The new JetPack H2 Ultra is a handheld, air-powered electrostatic spray system

designed and manufactured by ByoPlanet® International, and provides industrial performance in a small, easy-to-use device. It is the first handheld sprayer to achieve performance levels only seen before in power-corded units.

The H2 Ultra is designed specifically for disinfectants, delivering a high-spray charge of 4 mC/kg which is over 20-fold higher than competitive battery-powered systems. The innovation is in the 160-watt air-powered induction charging nozzle that produces a high charge, an optimized 40-micron droplet size, and a focused air-powered spray delivery with improved disinfectant coating. This enables maximum on-target placement of chemistry and eliminates excessive wetting, mess and visible residues.

The H2 system was tested using the University of Georgia spray deposition protocols. Wrap-around surface coverage of disinfectant onto hidden areas was improved by over six-fold with only half the amount of disinfectant dispensed.

### Canberra Corporation

Booth 3925

#### JAWS Professional Mopping System

JAWS Professional Mopping System pairs JAWS Professional proprietary and patented single dose cartridges with a portable reusable mop.

Booth 4613

### ALLORGANIC® USDA Certified Organic Hand Soap

Now Featuring ALLORGANIC®  
USDA Certified Organic  
Hand Soap the first to market  
innovative USDA Certified  
Organic Commercial Hand Soap

Dispenser Program in our Industry! Some hands are just  
luckier than others™

Washing our hands is the first line of defense in infection  
prevention. Healthy hand washing is more important  
than ever!

ALLORGANIC® USDA Certified Organic Hand Soap is  
the highest quality hand soap, formulated in accordance  
with the USDA National Organic Program. This means  
we follow production methods that foster responsible  
resource use, promote ecological balance and  
conserve biodiversity.

Only the safest ingredients possible are used which  
ensures the health and safety of your employees, all  
occupants of a facility and is critical in promoting infection  
prevention. A hand soap that is safer for human health  
and the environment!

Sometimes the most impactful things, have no impact  
at all. ALLORGANIC® USDA Certified Organic Hand Soap  
is 100% biodegradable, 100% biobased, more sustainable,  
100% plant based, no synthetic dyes, solvents, GMO,  
insecticides, preservatives, herbicides or toxic chemicals  
are used.

To be USDA Certified Organic, not only does the product  
need to be organic, never coming in touch with any  
non-organic ingredient, but so does the production  
process. Undergoing rigorous standards and auditing is  
applicable to the raw material growth process as well as  
the manufacturing of the hand soaps. Our energy efficient  
process aligns with the philosophy of the product, as does  
our Touchless Dispensing System, which prevents cross  
contamination and promote infection prevention.  
To go one step further, we manufacture our bottles  
in-house, ensuring uninterrupted supply and significantly  
reducing carbon footprint by eliminating freight.

ALLORGANIC® USDA Certified Organic Hand Soap  
surpasses the highest quality certified green product  
and is now available in Envrio-Solutions® for the Janitorial  
Industry and ServClean® for the Food Service Industry.  
Charlotte Products is proud to be creating safe, healthy  
spaces for future generations every day.

## Clorox Pro

Booth 3601

### Clorox EcoClean™ Disinfecting Cleaner

Clorox Ecoclean™ is a new product  
platform anchored by an  
EPA-certified Design for the  
Environment disinfectant cleaner  
and EPA-certified Safer Choice

cleaners. There are currently three products available  
under the Clorox EcoClean™ platform: a disinfectant  
cleaner in a ready-to-use format, an all-purpose cleaner,  
and a glass cleaner.

Clorox EcoClean™ Disinfecting Cleaner is a new choice  
for cleaning professionals seeking a more sustainable  
disinfectant to help keep facilities clean and healthy  
without sacrificing efficacy. Clorox EcoClean™  
Disinfecting Cleaner is a ready-to-use, hospital-grade  
disinfectant cleaner that kills 99.9% of illness-causing  
germs in two minutes or less, including cold and flu  
viruses, SARS-CoV-2, Norovirus, Staph and MRSA.\* Clorox  
EcoClean™ Disinfecting Cleaner is a lactic-acid-based  
disinfectant that will not bleach surfaces; formulated  
without alcohol and tested for compatibility across more  
than 20 common surfaces. It sanitizes hard  
non-porous, non-food contact surfaces in 15 seconds.\* It  
is now another trusted option from CloroxPro for cleaning  
professionals who desire to use a disinfectant with EPA  
Design for Environment approved ingredients. The Clorox  
EcoClean™ product platform can help facilities and  
organizations meet their sustainability goals, including  
meeting requirements for LEED, ISSA CIMS – Green  
Building, and Healthy Green Schools and Colleges.

\*When used as directed. See product label for  
list of organisms.

## Clorox Pro

Booth 3601

### CloroxPro™ HealthyClean™

CloroxPro™ HealthyClean™ is an interactive, on-demand learning platform that sets a new standard  
for education and training in the commercial cleaning industry. CloroxPro™ HealthyClean™ offers  
the FIRST and ONLY industry-wide training certificate course accredited by the prestigious American  
National Standards Institute National Accreditation Board (ANAB), indicating it meets the highest  
standards for program quality and training comprehension. The first course launched, the CloroxPro™ HealthyClean™  
Trained Specialist Certificate Course, is designed to ensure frontline cleaners and managers have access to the knowledge  
and skills required to clean for health - effectively, efficiently and safely.

This is important because the COVID-19 pandemic raised public awareness about how illness-causing germs spread,  
resulting in higher expectations about cleaning and disinfecting facilities. That expectation continues today as  
communities and businesses look to reestablish occupancy and provide confidence that “shared spaces are safe spaces.”  
However, many cleaning professionals struggle with meeting these new demands, particularly given on-going staff  
shortages, retention issues and inflation-induced budget constraints. It is a time-consuming and expensive task for  
managers to hire, train new employees and retrain existing staff.

Cleaning professionals are being stretched thin and asked to do more with less, as evidenced by some recent survey  
insights.

- 91% say that janitorial staff have had to learn new cleaning and disinfecting protocols<sup>1</sup>
- 96% say staff are now expected to do more cleaning and disinfecting in facilities to provide greater confidence for  
occupants & visitors<sup>1</sup>
- Staff shortages (69%), increased cost of supplies (66%) and burnout among staff (55%) are top challenges faced by  
cleaning professionals
- Less than 47% say their current training programs are high quality or helpful<sup>1</sup>

The CloroxPro™ HealthyClean™ learning platform helps address addresses these issues and will help save cleaning  
professionals time and money, so they can focus their effort where it matters most – and create confidence in the safety  
of shared spaces for patrons, patients staff. The CloroxPro™ HealthyClean™ Trained Specialist course contains seven  
eLearning modules that teach how to clean for health using the right products at the right time – with the best processes  
and techniques – to create cleaner, healthier environments. This course covers actions that can be taken to do the job safely  
and effectively, the science behind how germs spread, how to break the chain of infection and provides easy-to-follow  
procedures and best practices.

The course is product-agnostic and provides essential knowledge that can benefit all types of cleaning organizations to  
ensure shared spaces are cleaned and disinfected in a way that is balanced and sustainable over the long-term. These  
cleaning practices are important not just during a pandemic, but every day, to help safeguard public health.

A Spanish version of the CloroxPro™ HealthyClean™ Trained Specialist course and a new course designed specifically  
for Managers will launch later in 2022.

1 - CloroxPro Facility Manager/BSC Online Survey N=106, October 2021

2 - CloroxPro Future of Clean Insights Survey. N = 554 (106 BSC's & 448 Facility Managers). March 2022

# INNOVATION SHOWCASE

BOOTH #4206

## Dial Professional, Henkel Corporation

Booth 2510

### Dial® Professional Versa™ Dispensing System

Dial® Professional Versa™ - Modern, sophisticated design for all your amenity and hand care needs

Shaping the future of amenity and hand care dispensers, Versa™ is designed to enhance your facility with a modern yet timeless design. The simple yet sophisticated shape works with all your amenity and hand care needs from body washes, shampoos, conditioners, soaps, sanitizers, and lotions. Available in light gray, dark gray and black, Dial® Professional Versa™ will complement any décor.

Sophisticated. Innovative. Modern. Economical. Ecological. Strong. And Customizable.

Versa™ is economical. It eliminates the need to replace mini bars of soap and bottles in every room or scrub soap resin from sinks after each guest. This reduces room set-up time, increasing housekeeping efficiency in your facility. Versa™ is ecological. It ensures less mini amenity bottles end up in landfills. Additionally, the dispenser refill bottles are 100% recyclable. Versa™ is strong, constructed of ABS plastic for strength and durability. Versa™ is customizable. With its simple, modern design, each Versa™ dispenser nests neatly together. This allows you to install 1, 2, or 3 dispensers, depending on the needs of your facility. And Versa™ is complementary. It is available in 3 colors to complement any décor. Choose from black/white, light gray/white, or dray gray/light gray and you will see how beautifully Versa™ blends with your facility.

Versa™ also provides efficiency for your facility. The 15 oz refills effectively dispense 1-milliliter activations. With Versa™ there is zero waste - all the product is dispensed through the gravity-fed reserve tank. The Versa™ locking mechanism key helps reduce chances of tampering and vandalism. The closed system prevents contamination and the induction sealed refills auto puncture for a mess-free installation.

## Diversey

Booth 1501

### TASKI aero 3500

New TASKI AERO 3500 ride-on vacuum sweeper designed to clean all types of floors. Included accessories/tools allow for greater flexibility cleaning various hard to reach spaces and vertical surfaces. This platform delivers high levels of productivity across multiple floor types

and its narrow design allows the machine to operate in congested areas.

## Gausium

Booth 4648

### Phantas

Phantas is an AI-powered, "all-in-one" floor cleaning robot that has been innovatively designed to fill the market void of floor cleaning robots for small- and medium-

sized commercial facilities, particularly retail stores and workspaces. With Phantas Gausium has created a completely new category of cleaning robot that delivers next-level intelligence to the market. It integrates all kinds of Gausium's latest innovations and technology breakthroughs in fields like SLAM, machine learning, cloud computing.

## Hospeco Brands Group

Booth 1008

### Sphergo Swivel™ — Innovative Mop Handle System

The Sphergo Swivel™ pole features a rotating Sphergo Ball Handle at the top. With one hand on the ball, users can guide the mop into a "swivel" motion as guided by the second hand on the pole. The user's hand on the ball remains completely fixed reducing

flex and stress. The specially designed pole also includes a curve near its base that further contributes to the mop head's movement. The rotation of the Sphergo Ball and the curve at the pole's base combine to create a fluidity of mop head movement with very little effort being exerted by the user.

Sphergo Swivel's curved pole allows for farther reach underneath low-clearance obstructions like beds, chairs, and desks relative to a traditional straight mop while eliminating awkward bending. The slope of the handle base uniquely positions handle, frame, and body in a less stressful posture. Its aluminum frame is light and durable for comfortable extended use. The trapezoidal shape allows for easier access into corners and along baseboards, further reducing strain.

Pair Sphergo Swivel™ with Hospeco Brands Group's Virtu-Clean™ VCU and Virtu-Clean™ DC disposable cleaner pads or Virtu-Clean™ DCS disposable scrubber pad for even more effective cleaning and less worker strain.

## Hydro Systems

Booth 1307

### DMx Warewash Chemical Dispenser

The DMx is a smart, versatile warewash dispenser, designed to accurately and reliably dispense solid or liquid detergents, rinse aid or

sanitizer in commercial kitchens. It works anywhere in the world on most high or low temperature door, conveyer, and flight-style machines with numerous optional upgrades (such as temperature and inductive sensors) to ensure compliance with the Food Code. The DMx is compatible with Hydro Connect (Hydro's IoT platform) and features intuitive configuration and comprehensive reporting through the Hydro Connect Mobile Application. The days of walking around a kitchen to manually collect rack data are over. Information on racks, costs, chemical usage, and alarms securely streams to the Hydro Connect cloud for easy access by chemical companies or end users.

### CrackleClean™ Sanitizer

CrackleClean™ hand sanitizer provides a fun, interactive, and engaging experience, encouraging users to sanitize their hands more often. This unique hand hygiene system is highly moisturizing and provides a large dose per usage for

optimal sanitization.

FDA-registered, highly effective formula kills 99.99% of tested bacteria (Q Laboratories, Efficacy – Time Kill. For the list of tested bacteria and additional information see: [www.rubbermaidcommercial.com/tested-bacteria](http://www.rubbermaidcommercial.com/tested-bacteria).

## SC Johnson Professional

Booth 3909

### SC Johnson Professional's RCP Manual Dispenser

The SCJ Professional Recovered Coastal Plastic (RCP) 1-liter manual dispenser is made with 76% recovered coastal plastic. Recovered Coastal Plastic (RCP) refers to post-consumer recycled plastic collected on land within 31 miles of an ocean, in

countries with high volumes of uncollected plastic waste, so that it does not reach oceans or landfills.

The RCP dispenser pairs well with our line of Refresh™ foam soaps. The Refresh™ foam soaps can save up to 45% on water consumption during a handwash compared to lotion soaps. Additionally, only one dose of product is required to provide effective hand cleansing, providing over 30% more washes per liter, and using 36% less product compared to lotion soap.

The Recovered Coastal Plastic is sourced from a global partnership between SC Johnson and conservation organization Plastic Bank™ which is a social enterprise that empowers collection communities in vulnerable coastal areas to stop plastic waste before it enters the ocean or landfill, while improving the lives of those that collect it.

BOOTH #4206

## Sofidel Group

Booth 648

### HyTech Seas Dispensers

The HyTech Seas dispensers, formerly known as HyTech Ocean dispensers, are made from recovered ocean plastic to help build a better future for our planet. Sofidel recovers plastic fishing nets from the ocean, which are one of the main causes of ocean plastic waste and turns those into an injectable material. From there, the material is molded into the highly durable HyTech Seas dispensers. Sofidel's Papernet brand HyTech Seas dispensers are available in three options:

1. Papernet Hardwound No-touch Electronic HyTech Seas hand towel dispensers automatically dispense product to reduce the spread of germs. The innovative dispensers feature high strength and are manufactured with recovered ocean plastic waste, making them a sustainable, long-term solution.
2. Papernet Hardwound No-touch Mechanical HyTech Seas hand towel dispensers enable users to dispense product without touching the unit to reduce the spread of germs. The innovative dispensers feature high strength and are manufactured with recovered ocean plastic waste, making them a sustainable, long-term solution.
3. Papernet Twin Jumbo Roll 7" HyTech Seas toilet paper dispensers house two rolls to reduce the need for frequent replacements in high-traffic restrooms. The innovative dispensers feature high strength and are manufactured with recovered ocean plastic waste, making them a sustainable, long-term solution.

## Spartan Chemical Co., Inc.

Booth 2026

### Spartan Sales Pro

Spartan Chemical's SpartanSalesPro® makes finding and sharing product information easier and also provides the ability to build custom proposals for customers.

Mobile-Optimized: Works with Apple and Android devices.

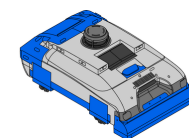

Personalization: Add your logo, profile picture and custom part codes.

Recommendations: Quickly access solution bundles for blazing fast results!

Customize Proposals for: Surface, Problem and Facility.

## Tailos

Booth 409

### Rosie

Rosie is the world's first autonomous self-driving housekeeping robot, suitable for hospitality, commercial real estate, senior living, and educational facilities.

## The Cleani

Booth 4451

### The Cleani Automated Door Handle Disinfecting Device

TheCleani is an automated door handle disinfecting device that sprays publicly used door handles. The device is designed to use both motion and timed features to proactively disinfect door handles, minimizing the spread of germs, bacteria and viruses in public spaces.

## Tork, An Essity Brand

Booth 1325

### Tork Clarity Hand Washing Foam Soap

Secure the new hygiene standard with no compromise on sustainability with Tork Clarity Hand Washing Foam Soap!

This sustainable soap has no fragrance added and is gentle to the skin. The sealed bottle with single-use pump helps promote good hygiene and helps to reduce the risk of cross-contamination. The bottle collapses as the contents are used, helping to reduce product waste. Clarity Foam Soap has four certifications including Green Seal, EcoLogo, NSF E1 Rated, and is a USDA Certified BioBased product.

- 99% of ingredients from natural origin<sup>1</sup>
- Lower impact on aquatic life<sup>2</sup>
- 35% less water consumption compared to other foam soaps<sup>3</sup>
- Formula is readily bio-degradable<sup>4</sup>

Learn more about Tork Clarity Hand Washing Foam Soap at [www.torkusa.com](http://www.torkusa.com)

1. Clarity formulation following the ISO16128 (includes water as an ingredient).
2. Based upon the EU Ecolabel, CDV (Critical Dilution Volume) related to toxicity to aquatic organisms is below specified limits and is two times lower than the Tork Mild Foam Soap.
3. Based on results of two internal panel tests and one external test comparing Tork Clarity Hand Washing Foam Soap to Tork Mild Foam Soap.
4. Proven by third party lab test according to OECD301B
5. Based on Essity test
6. Certified by the Swedish Rheumatism association, tested according to The Design for All Test, published in the Swedish Design Research Journal, 2011.
7. Based on internal panel test soap refilling time.

## Unger Enterprise

Booth 2355

### Unger Generation 2 nLITE Waterfed Pole

Unger's Generation 2 nLITE® waterfed pole system exemplifies innovation and high quality. Pure water is the fastest and most efficient way to clean outdoor glass surfaces and Unger's lightweight and rigid nLITE® Carbon waterfed poles keep workers safe on the ground. Available in two carbon materials, Gen 2 nLITE® Poles allow workers to safely clean up to 5 stories high, with new innovative angle adapters and brushes.

- No twisting due to the innovative pole shape
- Trouble-free work and less wear and tear
- Optimal stability-to-weight ratio
- Precise control of the cleaning movement
- Greater pole rigidity

## Vectair Systems

Booth 640

### Vibe Pro®

In today's climate of cleanliness, first impressions are critical for your facility. Your choice for air care is a key way you can elevate your first impressions. Vectair is introducing its newest innovation in the air care evolution—Vibe Pro®—an attractive air care dispenser that provides a consistent scent experience, when and where you need it, leveraging our sophisticated suite of scents in easy-to-recycle refills.

# ABOUT ISSA

Advancing Clean.  
Driving Innovation.

ISSA.COM

**ISSA is...**  
**Committed to changing  
the way the world views  
cleaning.**

We educate and train the top cleaning professions, offer official certifications and designations, and provide the industry the latest industry news and information.

Originally known as the National Sanitary Supply Association – and later the International Sanitary Supply Association – **ISSA** has evolved to include the entire industry – from the manufacturers and associate manufacturers, through the distribution and wholesale chains, to the professionals who clean our buildings, homes, and public spaces every day.

**ISSA is...**  
**More than 10,500 members  
across the cleaning  
industry supply chain.**

**ISSA** members are part of a trusted global network that includes more than 10,500 of the industry's top solutions providers. Being an ISSA member also means you are part of a well-established local community with access to a range of benefits provided by ISSA's regional teams.

Our **top 6 Member Benefits** include:

- **Professional development:** Professional development programs and certifications
- **Value of Clean®:** Tools to promote cleaning as a business investment
- **Business Resources:** Calculator templates, toolkits and marketing resources.
- **Member Discount Program:** Employee benefit programs, business expense savings and more.
- **Events and Tradeshow:** Virtual workshops, local events, international expos.
- **Advocacy:** Become an advocate for clean and industry policies

# FEATURED EXHIBITORS

## TREBOR

GOLD

**Trebor, Inc.** ..... 1039

[www.trebor.com](http://www.trebor.com)

Trebor is the world's largest independent marketer of parent rolls of tissue, toweling, napkin and wiper grades. Since 1972, Trebor has gained the reputation for being a reliable source of supply and for rapidly responding to its customers' needs. Trebor supplies tonnage to converters and paper mills in virtually any volume.

**TROJAN**  
BATTERY COMPANY

GOLD

**Trojan Battery** ..... 1151

[www.trojanbattery.com/](http://www.trojanbattery.com/)

RELEASE THE BEAST with Trojan Lithium-Ion Batteries and unleash your floor equipment's full potential. As the deep-cycle battery innovators since 1925, Trojan Battery is your complete battery solutions provider of Lithium-Ion, AGM, Gel and Flooded Lead Acid batteries. Join us at ISSA as we celebrate the launch of our new 24V and 36V Lithium-Ion batteries.

**Whisk Products, Inc.** ..... 3515

[www.whiskproducts.com](http://www.whiskproducts.com)

Whisk has been manufacturing high quality hand soap, sanitizer and waterless cleaning products for the hard working people in the Medical, Food Industry, Automotive, Institutional and Industrial industries since 1946. We customize hand care products and programs tailored to your individual needs and do it all while providing you world class customer service.

**Whittaker Company** ..... 1802

[www.whittakersystem.com](http://www.whittakersystem.com)

The Whittaker Company manufactures solutions for the long term maintenance of your carpet. The equipment and Crystal® family of chemistries form a system that has been globally proven over the last 25 years as an effective means to extend the life of your investment through low moisture carpet cleaning. Whittaker's cleaning machine and chemical innovations have led to several patents and revolutionary techniques in the maintenance of carpet.

BOOTH 1151  
**ISSA SHOW**  
 NORTH AMERICA 2022  
 OCTOBER 10 - 13 | CHICAGO, IL  
 MCCORMICK PLACE CONVENTION CENTER

# RELEASE THE BEAST.

UNLEASH THE HIDDEN POTENTIAL IN YOUR FLOOR EQUIPMENT.

With Trojan's new range of lithium-ion batteries, you get:

- Reduced total cost of ownership
- 3-5X the life of traditional batteries
- Fast and opportunity charging
- Zero maintenance
- Long runtimes
- 8-year warranty

The complete battery solutions provider, Trojan manufactures a full range of deep-cycle batteries backed by the industry's largest distributor and service networks. The batteries carry our 100-year legacy of quality, excellence, and dependability.

# ESSENTIAL<sup>Li</sup>

## THE ONLY BATTERY YOU NEED

**SAFE**  
 Integrated heat sink prevents excess heat

**SCALABLE**  
 Multiple batteries can be used in parallel for increased capacity

**INTELLIGENT**  
 Advanced communications components enable users to monitor the pack status

**LONG-LASTING**  
 Heavy-Duty components deliver reliable maintenance free energy

**WATERPROOF**  
 IP67 rated construction prevents damage from outside particles and moisture

# ESSENTIAL<sup>Li</sup>

## LITHIUM-ION BATTERIES

Engineered with you in mind, U.S. Battery's all new ESSENTIAL<sup>Li</sup> Deep Cycle Lithium Iron Phosphate battery line utilizes the safest chemistry available. The advanced Battery Management System (BMS) design helps ensure accurate State of Charge (SOC) tracking and enhanced fault detection.

# HAND HYGIENE made simple®

The innovative foamyIQ® hand hygiene system makes it simple to ensure that handwashes and hand sanitizers are always at the ready for infection prevention. With foamyIQ, there are no costly dispensers to install, maintain or repair. And no refilling is necessary. When the foamyIQ dispensing cartridge is empty, simply remove it from the bracket, recycle it, then snap on a new one.

See for yourself at **Booth 2026**
